

Our mission is to keep military families together during times of medical need, providing a support system for healing. We believe a family's love is the best medicine.

A family member or significant other must have served in a branch of armed service; any branch, any length of time to be eligible.

FHEC is available to families of patients receiving medical care at any local medical facility, military or civilian.

There is never a fee for guests to stay and they can stay as long as they need to, as often as needed.

FHEC has saved local military families over one million dollars since 2010. Our house was one of the quickest to get approved, reducing the normal time from 5 years to 2 due to the urgent need and the tenacity of our board. Our services have expanded with the needs of the community and volunteers are always needed for both the Fisher House, located on Eglin AFB and fundraising events.
